Assignments, the midterm exam, and the final exam are marked on a numerical (percentage) basis and then converted to letter grades. The course grade is then calculated using the weights indicated above. As a guide to determining standing, these letter grade equivalences will apply:

A+	97 – 100	B	79 - 83	C-	62 - 66
A	92 – 96	B-	76 - 78	D+	57 - 61
A-	89 – 91	C+	73 - 75	D	50 – 56
B+	84 - 88	C	67 - 72	F	0 – 49

**Notes:**

1. Students should be aware that no "make-up" midterms will be given. Any student who finds it necessary to miss the midterm must notify the instructor in advance and produce a valid medical certificate or other required documentation in order to have the weighting adjusted. This adjustment will result in the final exam counting for 85% of the final grade and the assignments counting for 15% of the final grade. Note that deferred final examinations may contain short/long answer questions. Also, deferred final examinations do not have to cover the same material or have the same format as the regular final examination.
2. Students should be aware that no "make-up" assignments will be given. Any student who finds it necessary to miss the assignment(s) must notify the instructor in advance and produce a valid medical certificate or other required documentation in order to have the weighting adjusted. This adjustment will result in the final exam counting for 50% plus the weight of the missed assignment(s).
3. Students should be aware of the academic regulations outlined in The University of Calgary Calendar.
- 4. The use of cell phones for any purpose in class is prohibited. The classroom will be a no cell phone zone. Computers may be used for note-taking purposes only.**
5. Students seeking reappraisal of a piece of graded term work should discuss their work with the instructor *within* 15 days of the work being returned to class. However, the earliest that grades will be discussed will be two days after the return of an assignment or examination.
6. Students will be responsible for all material listed on the course outline, regardless of whether or not the material has been covered in class, unless the instructor notifies the class that the material will not be covered.
7. Please note that the following types of emails will receive no response: emails not addressed to anyone in particular; emails where the recipient's name is not spelled correctly; anonymous emails; emails which do not specify the course and section in which you are registered; and, emails involving questions that are specifically addressed on the course outline.
