Course Outline:

This course examines the growth and development of the Canadian Economy in relation to the endowment of natural resources, changing market conditions, institutions and technology. These concepts are applied to the evolution and role of Public Policy in Canada and the roots of regionalism in Canada.

Grade Determination and Final Examination Details:

Midterm Examination, Friday March 6	30%
Term Assignment 1 due Monday, February 23	15%
Term Assignment 2 due Wednesday, April 15	15%
Final Examination	40%

If for a medical or other legitimate reason you are unable to write the midterm examination at the scheduled date and time, the course weight for the midterm examination will be applied to the final examination. In such a case, your final examination will constitute 70% of your final grade.

Tests and final exams are marked on a numerical (percentage) basis, and then converted to letter grades. The course grade is then calculated using the weights indicated above. As a guide to determining standing, these letter grade equivalences will apply:

A+	96 – 100	B+	76 – 79	C+	66 – 69	D+	56 – 59
A	90 – 95	B	73 – 75	C	63 – 65	D	50 – 55
A-	80 – 89	B-	70 – 72	C-	60 – 62	F	0 – 49

Students must receive a passing grade (50% or better, or D or better) on the final examination to pass the course. Any term work not submitted receives a grade of 0. Term work submitted late will be subject to penalties defined on the Assignment Handout.

Non-programmable calculators WILL be allowed during the writing of tests or final examinations. Mobile phones and electronic organizers like Palm Pilots must not be accessible during examinations.

There will be a Registrar scheduled final examination, lasting 2 hours and held in a classroom.

Tests and exams may involve multiple choice questions.

Notes:
