

DR. ROBERT MANSELL

Academic Director of the School of Public Policy, Professor of Economics, and Founding Director of ISEEE (Institute for Sustainable Energy, Environment and Economy).

After receiving his PhD in 1975 he joined the Department of Economics at the University of Calgary. He served as Head of the Department of Economics and Dean of the Faculty of Graduate Studies over the period 1996-2003. In 2003 he was seconded to serve as Advisor to the President on Energy and Environment and Managing Director of ISEEE. In January 2009 he was appointed as Academic Director of the School of Public Policy.

Dr. Robert Mansell

Dr. Mansell has a PhD in Economics from the University of Alberta, with specialization in econometrics and regional/resource economics. He has authored over 100 studies on energy and regulatory issues as well as many other studies on regional economics. Examples include publications on: traditional and incentive regulation; tolling alternatives for pipelines; the economic impacts of energy and related projects; fiscal transfers, policy and restructuring; changes and challenges in the Alberta economy.

Dr. Mansell is qualified as an expert witness before many energy and utility regulatory bodies, such as the National Energy Board, the Alberta Energy Resources Conservation and Utilities Boards, the B.C. Utilities Commission, and the

Ontario Energy Board.

In addition to serving on a large number of U of C committees, councils and task forces, he has provided extensive service on a variety of external committees and boards. Recent examples include service: on the Energy Strategy Advisory Committee for the Government of Alberta; as an advisor on the Mackenzie Gas Pipeline Project; on the Canadian Academy of Engineering Energy Pathways Taskforce; on the Council of Canadian Academies Study on Hydrates; and, on the Boards of Directors of the Alberta Chamber of Resources, the Alberta Energy Research Institute (now Alberta Innovates-Energy and Environment Solutions), the Canadian Energy Research Institute, the Alberta Ingenuity Centre for In Situ Energy, and the Van Horne Institute. In 2009 he also joined the Board of the Climate Change and Emissions Management Corporation which invests the funds collected through the Alberta carbon tax applicable to large emitters.

Dr. Mansell's teaching includes courses on public utility regulation, industrial development and regional economics. He is a frequent contributor in terms of talks and special reports.
