Grade Determination and Final Examination Details:

There will be two mid-term tests (40 minutes each; 25% each) and a Registrar-scheduled final examination (2 hours; 50%).

First Midterm Test October 4, 2004

Second Midterm Test November 3, 2004

Tests and final exams are marked on a numerical (percentage) basis, then converted to letter grades. The course grade is then calculated using the weights indicated above. As a guide to determining standing, these letter grade equivalences will generally apply:

A+	97 - 100	B	77 - 81	C-	61 - 64
A	91 - 96	B-	72 - 76	D+	56 - 60
A-	87 - 90	C+	68 - 71	D	50 - 55
B+	82 - 86	C	65 - 67	F	0 ? 49

If, for some reason, the distribution of grades determined using the aforementioned conversion chart appears to be abnormal the instructor reserves the right to change the grade conversion chart if the instructor, *at the instructor's discretion*, feels it is necessary to more fairly represent student achievement.

Students must pass the final examination to pass the course as a whole.

Calculators WILL NOT be allowed during the writing of tests or final examinations.

There will be a Registrar scheduled final examination, lasting 2 hours. It will be held in a gymnasium.

Tests and exams WILL involve multiple choice questions.
