A	4.00	Excellent-superior performance, showing-comprehensive understanding of subject matter	C	2.00	Satisfactory – basic understanding of the subject matter
A-	3.70		C-	1.70	Receipt of a grade point average of 1.70 may not be sufficient for promotion or graduation. (See individual undergraduate faculty regulations.)
B+	3.30		D+	1.00	
B	3.00	Good – clearly above average performance with knowledge of subject matter generally complete.	D	1.00	Minimal pass – marginal performance; generally insufficient preparation for subsequent courses in the same subject.
B-	2.70		F	0	Fail – unsatisfactory performance or failure to meet course requirements
			I	0	Incomplete – unsatisfactory (effective January 2007)

Tests and final exams are marked on a numerical (percentage) basis, then converted to letter grades. The course grade is then calculated using the weights indicated above.

A passing grade on any particular component of the course is not required for a student to pass the course as a whole.

The midterm on March 6 will cover Chapters 1-2, 5-11 from the textbook. The final examination will cover all chapters listed in the course description above.

There will be a Registrar scheduled final examination, held in a classroom, lasting 2 hours. Non-programmable calculators **WILL** be allowed during the writing of tests or final examinations. **The use of graphing calculators, cell phones, computers, tablets , or any device with an alphanumeric keyboard is not permitted.**

Tests and exams **WILL** involve multiple choice questions.

THERE WILL BE NO MAKEUP OR DEFERRED QUIZZES/TESTS/EXAMS under any circumstances, nor may the quizzes/tests/exams be written early. Students unable to write the quizzes/tests/exams because of documented illness, family emergency, religious observance, or university-sanctioned event will have the weight shifted to the final examination; otherwise a grade of zero will be assigned.

Tutorials

Students are expected to attend the weekly tutorial section to which they have been assigned. During the tutorials the TA will discuss pre-assigned questions and additional material relevant to the course that is not covered in lectures.

Assignments

1. PDF files with the assignments will appear in Desire2Learn at least 1 week before the assignment is due. All assignment questions are multiple choice. Students can collect an IBM bubble sheet in the lecture 2 weeks before the assignment is due or in a tutorial at some point prior to the assignment being due. Instructors will not have the IBM sheets for the assignments in lectures other than in the few days before the assignment is due. Please ensure that you fill in the bubbles for your UCID# and your name. If an assignment does not have both a UCID# and name filled in the bubble sheets, the score on that assignment will be zero.
2. **Assignments will be due at the beginning of the lectures (9:30) on both February 13 and April 3. Late assignments will not be accepted under any circumstances. Assignments sent electronically will not be accepted under any circumstances. Only assignments handed in at the beginning of the lecture on the appropriate due dates will be accepted.**

Notes

- Students should be aware that no "make-up" assignments or midterms will be given. Any student who finds it necessary to miss an assignment or the midterm must notify the instructor in advance and produce a valid medical certificate or other required documentation in order to have the weighting adjusted. The weight of any missed assignment or midterm will shifted to the final exam with appropriate documentation. Note that deferred final examinations may contain short/long answer questions. Also, deferred final examinations do not have to cover the same material or have the same format as the regular final examination.
- **The use of cell phones for any purpose in class is prohibited. Computers may be used for note-taking purposes only.**
- Students will be responsible for all material listed on the course outline, regardless of whether or not the material has been covered in class, unless the instructor notifies the class that the material will not be covered.
- Please note that the following types of emails will receive no response: emails not addressed to anyone in particular; emails where the recipient's name is not spelled

correctly; anonymous emails; emails in which the sender has not identified which course and section he/she is taking; and, emails involving questions that are specifically addressed on the course outline.
