Desire2Learn: This course will make use of the Desire2Learn (D2L) platform. Students who are registered in the course can log on at <http://d2l.ucalgary.ca> using or through their student centre. Please note that D2L features a class e-mail list that may be used to distribute course-related information. These e-mails go to your University of Calgary e-mail addresses only.

Grade Determination and Final Examination Details:

Your course grade will be computed using two methods:

Method 1 -	Midterm Test	30%	Wednesday, February 8
	Assignment 1	10%	Wednesday, February 15
	Assignment 2	10%	Wednesday, March 22
	Final Exam	50%	Date set by the Registrar's Office
Method 2 -	Assignment 1	10%	Wednesday, February 16
	Assignment 2	10%	Wednesday, March 22
	Final Exam	80%	Date set by the Registrar's Office

You will receive the higher of the grades computed using these two methods. In order to qualify for Method 2 of the Grading System students must write the Midterm test. Students should be aware that no "make-up" midterms will be given. Any student, who finds it necessary to miss the midterm exam must notify the instructor in advance and produce a valid medical certificate, or other required documentation in order to have the weighting transferred to the final examination.

The assignment is due at the *beginning* of the lecture on the due date. Solutions to the assignment will be posted on the D2L site at that time. **This means that late assignments cannot and will not be accepted.**

The midterm test will be held in the classroom during regular lecture hours. The final exam will be two (2) hours in length and will be scheduled by the Registrar's Office. There will be no multiple choice questions the midterm test and the final exam. The use of a simple non-programmable calculator during the test and the final exam will be allowed. Graphing calculators, cell phones, and computers are not permitted. Assignments, the midterm test, and the final exam are meant to be challenging (they are *tests* of your understanding of the material).

As per University policy (see <http://www.ucalgary.ca/pubs/calendar/current/e-2.html>), the grade you receive on assignments, midterm and exams will, in part, reflect your ability to effectively communicate your answers. Being able to write and effectively communicate is a very important skill to develop. Employers demand it and so do I.

Course Description: This course examines macroeconomic issues including economic growth and stagnation, unemployment and inflation, and foreign exchange markets. As well, it considers policy responses to these issues. (Please note: Some topics may be added or deleted depending on time constraints.)

Department of Economics Criteria for Letter Grades. Economics professors use the following criteria when assigning letter grades:

Grade	Grade Point Value	Description	Grade	Grade Point Value	Description
A+	4.00	Outstanding	C+	2.30	
A	4.00	Excellent-superior performance, showing-comprehensive understanding of subject matter	C	2.00	Satisfactory – basic understanding of the subject matter
A-	3.70		C-	1.70	Receipt of a grade point average of 1.70 may not be sufficient for promotion or graduation. (See individual undergraduate faculty regulations.)
B+	3.30		D+	1.00	
B	3.00	Good – clearly above average performance with knowledge of subject matter generally complete.	D	1.00	Minimal pass – marginal performance; generally insufficient preparation for subsequent courses in the same subject.
B-	2.70		F	0	Fail – unsatisfactory performance or failure to meet course requirements
			I	0	Incomplete – unsatisfactory (effective January 2007)

Grading Scale

A+	97 – 100	B	79 - 83	C-	60 – 65
A	92 – 96	B-	76 - 78	D+	55 – 59
A-	89 – 91	C+	73 - 75	D	50 – 54
B+	84 - 88	C	66 - 72	F	0 – 49

Tests and final exams are marked on a numerical (percentage) basis, then converted to letter grades. The course grade is then calculated using the weights indicated above. A passing grade on any particular component of the course is not required for a student to pass the course as a whole.

There will be a Registrar scheduled final examination, held in a classroom. It will last for 2 hours. Non-programmable calculators **WILL** be allowed during the writing of the test and the final examination.

Tests and exams **Will Not** contain multiple choice questions.

Reappraisal of Grades

For reappraisal of graded term work, see Calendar I.2

<http://www.ucalgary.ca/pubs/calendar/current/i-2.html>

For reappraisal of final grade, see Calendar I.3

<http://www.ucalgary.ca/pubs/calendar/current/i-3.html>

A student who feels that a piece of graded term work (e.g., term paper, essay, test) has been unfairly graded, may have the work re-graded as follows. The student shall discuss the work with the instructor within 7 days of being notified about the mark or of the item's return to the class; no reappraisal of term work is permitted after the 7 days. If not satisfied, the student shall immediately take the matter to the Head of the department offering the course, who will arrange for a reassessment of the work within the next 7 days. The reappraisal of term work may cause the grade to be raised, lowered, or to remain the same. If the student is not satisfied with the decision and wishes to appeal, the student shall address a letter of appeal to the Dean of the faculty offering the course within 7 days of the unfavourable decision. In the letter, the student must clearly and fully state the decision being appealed, the grounds for appeal, and the remedies being sought, along with any special circumstances that warrant an appeal of the reappraisal. The student should include as much written documentation as possible.

Plagiarism and Other Academic Misconduct

Intellectual honesty is the cornerstone of the development and acquisition of knowledge and requires that the contribution of others be acknowledged. Consequently, plagiarism or cheating on any assignment is regarded as an extremely serious academic offense. Plagiarism involves submitting or presenting work in a course as if it were the student's own work done expressly for that particular course when, in fact, it is not. Students should examine sections of the University Calendar that present a Statement of Intellectual Honesty and definitions and penalties associated with Plagiarism/Cheating/Other Academic Misconduct,

The full policy on Student Accommodations is available at <http://www.ucalgary.ca/policies/files/policies/student-accommodation-policy.pdf>

Absence from a Quiz/Test/Exam

Students unable to write the quizzes/tests/exams because of documented illness, family emergency, religious observance, or university-sanctioned event will have the weight shifted to the final examination; otherwise a grade of zero will be assigned. If a student cannot write their final exam on the date assigned by the Registrar's Office, they need to apply for a deferred exam www.ucalgary.ca/registrar/exams/deferred_final Under no circumstance will this be accommodated by the department.

Notes:

1. Students should be aware of the academic regulations outlined in The University of Calgary Calendar.
2. Examinations will not be given prior to the scheduled date.
