Lectures

It is expected that students attend all lectures and write notes of key points as well as read the relevant material. If a student misses a class for whatever reason, check blackboard for the material that was covered in class.

When absolutely necessary I will provide brief notes of clarifications and additional problem set questions.

I also provide study guides for midterm and final.

Course Requirements

Midterm

There will be one midterm test, which will be held in a classroom. It is scheduled for October 26th. Note that this date could potentially change due to unforeseeable circumstances.

Make-up midterm examination and deferred midterm examination will not be given **except in cases of extreme personal emergencies**, in which case the student MUST contact me ASAP to make arrangements for a make up.

Students who are unable to write the midterm because of an illness, family emergency or religious observance will have the midterm weight shifted to the final. It is strongly recommended that students do not miss a midterm examination.

Assignments

There will be 6 assignments that are due by 4:30pm on the due date. You can submit the HW assignment in class (at the end of class) or drop it in a box titled "Econ 341 Section 01" in the main office (SS 454). Note that the office is closed for lunch.

The following information must be on the HW assignment for it to be processed:

1. Name
2. Class time OR section #

I do not accept any late work!! NO EXCEPTIONS!! You will be given more than enough time to complete the work. At the end of the term I will drop one assignment. Hence, if you turn in 5 or 6 out of 6 you will receive full marks.

Final Exam

The final exam is cumulative and is 2 hours as scheduled by the Registrar's office and held in a gym. More information will be provided towards the end of the term.

Blackboard

I will post announcements, homework with due dates, additional reading material and other handouts on blackboard. It is the student's responsibility to check blackboard regularly to be aware of any new announcements and assignments (and their due dates).

All graded material will be posted. If you notice an error in the recording of your marks, contact me ASAP to make the necessary changes.

The final exam grades will be posted on blackboard as soon as they are available along with the final letter grade.

Grade Determination:

Homework	10%	
Midterm Test	40%	October 26th
Final exam	<u>50%</u>	Registrar Scheduled
	100%	

All course requirements are marked on a numerical (percentage) basis. The course grade is then calculated using the weights indicated above. The grade distribution used to convert numerical values to letter grades is given below:

A+	97-100	B+	87-89	C+	77-79	D+	67-69
A	92-96	B	83-86	C	73-76	D	60-66
A-	89-91	B-	80-82	C-	70-72	F	0-59

Part marks of 0.5 or above will be rounded up; those below 0.5 will be rounded down.

I reserve the right to change the grade conversion chart *at MY OWN discretion*, if I feel it is necessary to more fairly represent student achievement, especially if the distribution of grades determined using the aforementioned conversion chart appears to be abnormal.

OTHER NOTES:

- Students seeking reappraisal of a piece of graded term work (term paper, essay, etc.) should discuss their work with the Instructor *within 15 days* of the work being returned to the class.
- A passing grade on any particular component of the course is not essential if a student is to pass the course as a whole.
- Calculators **WILL NOT** be allowed during the writing of tests or final examinations.
- Tests and exams **CAN** involve multiple choice questions.
- The instructor reserves the right to give extra credit at any time during the course without prior notice.
- The Final exam will be comprehensive.
- It is the student's responsibility to request academic accommodations. If you are a student with a documented disability who may require academic accommodation and have not registered with the Disability Resource Centre, please contact their office at 220-8237. Students who have not registered with the Disability Resource Centre are not eligible for formal academic accommodation. In the Department of Economics, we recommend that all students enrolled in the Spring/Summer session, should discuss their needs with the instructor of the course no later than seven (7) days after the start of this course.
