Course Description:
This course is the second in a pair of courses designed to acquaint students with microeconomic theory. Microeconomics is concerned with a systematic understanding of the choices of individuals, firms, and organizations. It seeks to address the social consequences of the behaviour of economic agents. This course will extend and build on the theory of the consumer, the theory of the firm, and the theory of perfect competition introduced in Economics 301. The theory of general competitive equilibrium will be studied intensively. Particular attention will be devoted to its efficiency and welfare properties. Thereafter, instances of market failure will be addressed: those covered will be imperfect competition, externalities, public goods, and informational asymmetries.

Course Outcomes:
Students who successfully complete this course will further develop their mastery and understanding of the methodology of microeconomic theory by applying it to the following topics.

2. Market Power: Monopoly, Price Discrimination
3. Imperfect Competition and Game Theory: Prisoner’s Dilemma and Nash equilibrium; Cournot, Bertrand, and Collusion
4. General Equilibrium and the Fundamental Theorems of Welfare Economics: Exchange Economy; Production and General Equilibrium (2x2x2 and Robinson Crusoe)
5. Social Welfare and Economic Equity: Bergson Social Welfare Functions; Arrow’s Impossibility Theorem
8. Market Failure III, Asymmetric Information: Adverse Selection, Moral Hazard, Principles and Agents
9. Public Choice: Government Failure

The official grading system will be used. See http://www.ucalgary.ca/pubs/calendar/current/f-1-1.html.

A passing grade on any particular component of the course is not required for a student to pass the course as a whole.

If a student’s letter grade on the final exam exceeds their midterm(s) letter grade, the weight of the midterm(s) is (are) transferred to the final exam. The student must have written the midterm(s) or provided supporting documentation for the absence(s) such as a medical note or statutory declaration.

As per the Writing Across the Curriculum Statement in the Calendar, writing and grading thereof will be a factor in the evaluation of student work. See https://www.ucalgary.ca/pubs/calendar/current/e-2.html.

Any student work which remains undistributed after the last day of classes will be available to students through the instructor’s office during the instructor’s office hours.

The final examination will be comprehensive, scheduled by the Registrar, held in a classroom, and last 2 hours. If a student cannot write their final exam on the date assigned by the Registrar’s Office, they
need to apply for a deferred exam [https://www.ucalgary.ca/pubs/calendar/current/g-6.html](https://www.ucalgary.ca/pubs/calendar/current/g-6.html). Under no circumstance will this be accommodated by the Department.

Tests and exams WILL NOT involve multiple choice questions.

Programmable calculators, cellphones, textbooks, course notes, and other electronic devices will not be allowed during the writing of tests or final examinations. Students are reminded that simply being able to access their cellphone during an exam is academic misconduct.

THERE WILL BE NO MAKEUP OR DEFERRED QUIZZES/TESTS/EXAMS under any circumstances, nor may the quizzes/tests/exams be written early. Students unable to write the quizzes/tests/exams because of documented illness, family emergency, religious observance, or university-sanctioned event will have the weight shifted to the final examination; otherwise a grade of zero will be assigned.

**Notes:**
1. Students are responsible for all assigned material, e.g., supplementary material posted on D2L, regardless of whether or not the material was covered in class.

2. **Assignments**

Assignments are to be submitted at the beginning of Monday’s class on the date due. In exceptional cases, they may be handed in before that date to the instructor personally. Answers to assignments will be either discussed in class shortly after each assignment falls due or posted on the D2L. For this reason, late assignments will be given a score of zero, although you may still wish to have the work corrected and returned without a score being recorded. Please do not slide assignment under my office door – they will not be marked. Please also do not email assignments to me – they will not be marked.
Students are encouraged to discuss the assignments with their classmates, but each must write up their own answers. Copying or misrepresenting someone else’s work as your own is a serious offence, which will not be tolerated. Your attention is directed to the “Statement of Intellectual Honesty” in the 2019-2020 Calendar. Taking credit for someone else’s work is something for which I show zero tolerance.
